

# Embracing Finance Apprenticeships in the NHS

Date - Thursday 11<sup>th</sup> April 2019 - 8.30am – 10.30am  
Venue - CIPFA Offices, Lecture Theatre, 77 Mansell Street, London E1 8AN

Health Education England invite you to this exciting event where you will hear all about the opportunities for Finance apprenticeships in the NHS.

We will hear from AAT, CIMA and CIPFA about the programmes now available via the apprenticeship route and aim to dispel the common myths about apprenticeships including the 20% off the job requirements and how this works in reality. We will also hear from an NHS Trust who have successfully incorporated finance apprenticeships into their organisation.

This event is aimed at Apprentices Leads, Finance Directors and wider Finance colleagues who are interested to find out more about how apprenticeships can be used not only for new recruits but to upskill existing staff and funded via the apprenticeship levy from Level 2 up to Level 7.

We will also announce plans for a Pan London and Southeast Procurement with the aim of getting a preferred provider list that Trusts can engage with, with no further procurement required.
