

Do you have
a health concern
and need advice
from a GP?

The NHS is still here
for you and can provide
care if you need it.

Don't wait until it
gets worse.

GPs are offering advice in new ways, by phone or video, to provide you with healthcare advice and reduce the need for travel.

If you, or a member of your household has Covid-19 related symptoms follow the latest advice ([nhs.uk/coronavirus](https://www.nhs.uk/coronavirus)). If your symptoms get worse, visit NHS 111 online (111.nhs.uk/covid-19) for advice. Only call NHS 111 if you cannot get help online.
